Mangum has made an agreement with Rives of Va. who is absent that, he will pare off with you, if any vote on the Bank should be pressed *on*, or *before* next Wednesday.

I think there will be no question taken on the Bank in the Senate before Wednesday. Rives will probably not return before Saturday week.

Still you of course will return as soon as you can with propriety. I think the Bank cant pass the Senate.

Washington City,

July 18th., 1841.

I hasten to acknowledge the receipt of your favor of 14th. inst. I perceive by the R. Register that Mr. Henry will go out no more during the Canvass. So that our Candidates for the Legislature will have a fair field in their respective Counties. I have the most cheering accounts from Orange, Stokes, & Surry, and our Northampton friends, I learn by a letter from one of the Candidates, are in good spirits. Craven, I presume, we shall lose, as there were no Whig candidates at the latest dates, though we had the members in the Commons of the last Assembly. We can afford to lose
